

FUNDABLE BUSINESS BLUEPRINT

Tejnoch Wealth Enterprises,
LLC

**HOW TO ACCESS 50K-250K
WITHOUT TRADITIONAL BANKS**

MEET THE AUTHOR

I'm Maurice L. Coleman, owner of Topnoch Wealth Enterprises LLC, and I've been an entrepreneur for over 28 years—but my business experience goes back more than three decades.

It started humbly: one summer during college, I was knocking on doors selling vacuum cleaners. That experience taught me grit and the art of connecting with people.

I went on to run Coleman & Associates Tax Service for 13 years, where I expanded into bookkeeping and credit restoration.

In 2008, I dipped into the telecom world, helping launch a Boost Mobile location when prepaid was just taking off. I spent eight years in telecom, leading teams at Sprint, AT&T, and Verizon retailers.

For the past decade, I've been with American Income Life, driving teams to six-figure revenues, winning awards, and holding leadership roles.

But today, I'm pivoting with purpose.

My passion for credit—paired with my passion for helping entrepreneurs—drives Topnoch Wealth Enterprises. I'm here to help business owners leverage their credit to access \$50K, \$100K, and beyond—so they can grow, scale, and succeed.

Here at Topnoch Wealth Enterprises, we help entrepreneurs become fundable, acquire capital, and build wealth without predatory lending or guesswork.

Our mission is simple:

- Structure first.
- Capital second.
- Wealth third.

STEP 1

PROPER BUSINESS STRUCTURE

- Get Your Business Email ([Godaddy.com](https://godaddy.com))
- Get Your Business Address (regus.com)
- Get Your Business Phone Number ([Kall8.com](https://kall8.com))
- Get on ([Listyourself.com](https://listyourself.com)) get your business in public records
- Get Your LLC (Secretary of state website) (Keep business name general (Last name solutions LLC or last name Enterprises LLC))
- Get your EIN Number FREE (irs.gov)
- Have to set this up properly. It's important with the banks.
- Google Workspace (workspace.google.com) for email
- Get a DUNS number (dnb.com) after "Get an EIN"

STEP 2

MAKE YOUR LLC A FOREIGN ENTITY

(TO GET FUNDING IN ALL 50 STATES)
(WHAT MOST PEOPLE MISS OUT ON)

FOREIGN ENTITY EXPLAINED:

Some banks are geographically dependent, and they require you to live or do business within a certain area & they'll ask for your zip-code to screen you.

One way to get around that is to do a foreign Entity! You take your LLC that's already established and register it in another state in which you wish to get funding. Get a Virtual Address to go with it, and then apply for that BUSINESS CREDIT CARD Loan, LINES OF CREDIT OR ALL 3 from one bank !

HOW TO GET THE HIGHEST LIMITS POSSIBLE

(Go into bank meet a rep build a relationship with them get them to let you go directly through them for your business credit card applications with rep) Only way to get 40k/50/60k/75k limits on one card!

STEP 3

BUILD YOUR CREDIT REPORT HOW THE BANKS WANT YOU TO BUILD IT

(CREDIT PROFILE BLUEPRINT) (GET A HIGH LIMIT ON THE PERSONAL SIDE
GETS BETTER HIGHER LIMIT APPROVAL ODDS)

What a fundable credit report should consist of:

- 10% or less of credit utilization
- 100% on time payment history

STEP 7

BUSINESS CREDIT CARD STACKING METHOD! (PG METHOD)

Once your credit profile is funding qualified like I showed in the book earlier (We are going to Personal Guarantee Each Card)

(Don't be scared to PG and have them pull your personal it's still going to be separate! Just be smart with the Money)

Then we can go to multiple banks back to back to back.

- Ex: Go to chase get a business credit card 10K-20k+
- Then go to Bank of America apply for business credit card
- Then go to PNC Apply for business credit card
- Then go to Tusit Apply for business credit card
- And go to 10 Banks! And Stack your business credit cards

so, once you go to all of those banks then you will accumulate 6 figures in credit.

Yes, they will give you hard inquires BUT they are not attached to open accounts so we can remove inquires and repeat the process!!
